

Product datasheet:

Grommet SPP VENT, pressure compensation

Cable grommets 1919.SPP.VENT small, with pressure equalising valve

Article number: **⇒ 1919.SPP.VENT.G**

EAN: 7611614497884

Packaging quantity: 10

Price group: 580

Dimensions / Form

Dimension A: 23.8 mm

Dimension B: 26.2 mm

Measurement value C: 32.0 mm

Internal thread: M12 x 1

Safety / Properties

Flammability: Self-extinguishing according to UL 94 V-0

Features

Properties: Halogen and silicone free

Approvals / Certifications

Protection class: IP65

Storage / Installation / Operation

Minimum operating temperature: -40 °C

Maximum operating temperature: 110 °C

1919.SPP.VENT is a pressure-compensating grommet recommended for environments that require even pressure. The pressure-relief grommet is inserted into the 191x frames and, thanks to its valve, equalises the pressure of the environment to prevent temperature differences and condensation. The venting element has an M12x1.5 thread and can be optionally removed for use with threaded connectors and sensors.

- Fast assembly
- Metric thread M12
- Colour grey
