

Product datasheet:

Grommet SPC K series

Cable grommets 1929.SPC.K small, with extended clamping range for cables without connectors

Article number:	➔ 1929.SPC.K1.G
EAN:	7611614499048
Packaging quantity:	10
Price group:	580

Dimensions / Form

Ø max.:	8.0 mm
Dimension A:	20.1 mm
Dimension B:	20.9 mm
Measurement value C:	19.9 mm

Safety / Properties

Flammability:	Self-extinguishing according to UL 94 V-0
---------------	---

Features

Properties:	Halogen and silicone free
-------------	---------------------------

Approvals / Certifications

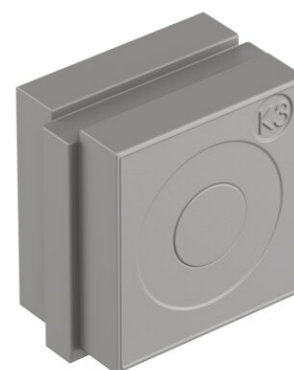

Protection class:	IP54
-------------------	------

Storage / Installation / Operation

Minimum operating temperature:	-40 °C
Maximum operating temperature:	110 °C

The 1929.SPC.K grommets have a dual function: they can be used as "blind" grommets for future applications of a single cable without a plug, or they can be used as a single grommet for a cable without a plug. The model can be selected in 4 versions depending on the cable diameter from 2.5 to 14 mm. The double membrane guarantees the best protection against water and dust, together with a special strain relief.

- Small grommets for cable diameters up to 14 mm
- Can be used in all frames of the 1920 series
- UL 94 V-0
- Colour grey
