

Product datasheet:

Grommet SPL M series

Membrane field grommets 1929.SPL.M large

Article number:	➔ 1929.SPL.M8.G
EAN:	7611614499284
Packaging quantity:	10
Price group:	580

Dimensions / Form

Ø min.:	6 mm
Ø max.:	10 mm
Dimension A:	40.2 mm
Dimension B:	40.8 mm
Measurement value C:	12.5 mm

Safety / Properties

Flammability:	Self-extinguishing according to UL 94 V-0
---------------	---

Features

Properties:	Halogen and silicone free
-------------	---------------------------

Approvals / Certifications

Protection class:	IP54
-------------------	------

Storage / Installation / Operation

Minimum operating temperature:	-40 °C
Maximum operating temperature:	110 °C

The grommets of the 1929.SPL.M series allow a large number of cables without connectors to be fed into the split frame of the 1920 CLICK series and require little space compared to normal cable glands. After the front membrane has been slightly perforated, the cable is pushed through the wall in the required size, where the second membrane ensures a perfect mechanical and fluidic seal.

- Multiple grommets for a large number of cables without plugs
- UL 94 V-0
- Strain relief according to EN 62444
- Colour grey
