

## Product datasheet:

# Synthetic protective conduits ROHRflex® PA 12

## Synthetic protective conduits ROHRflex® PA 12

- ROHRflex® PA 12-S
- Grey

### Features

|             |                                                                                                                                                                                                                                                                 |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Properties: | High reciprocal flexural resistance, improved insulation properties, air- and liquid-tight, oil and petrol resistant, basically resistant to acids and solvents, free of silicone, free of cadmium, halogen-free, self extinguishing. Black tubing is UV-resist |
| Hose type:  | Light grey plastic                                                                                                                                                                                                                                              |

### Approvals / Certifications

|                   |            |
|-------------------|------------|
| Protection class: | IP69       |
| Fire class:       | V2 (UL 94) |
| VDE:              | Yes        |

### Storage / Installation / Operation

|                                |        |
|--------------------------------|--------|
| Minimum operating temperature: | -50 °C |
| Maximum operating temperature: | 100 °C |
