

Product datasheet:

Synthetic protective conduits ROHRflex® PU

Synthetic protective conduits ROHRflex® PU

- ROHRflex® PU
- Black

Article number: **0289.932.023**

EAN: 7611614151281

Packaging quantity: 50

Features

Properties: Airtight and waterproof, resistant to oil, petrol and fats, widely resistant to acids and solvents, free of silicone, cadmium and halogen, elevated tenacity and resistance to abrasion, very flexible, resistant to microbes and UV rays

Approvals / Certifications

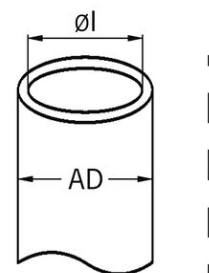

Protection class: IP69

Fire class: HB (UL 94)

Storage / Installation / Operation

Minimum operating temperature: -40 °C

Maximum operating temperature: 120 °C
