

## Product datasheet:

# Synthetic protective conduit liquid-tight

## Synthetic protective conduit liquid-tight

- Synthetic protective conduit liquid-tight
- Grey

| Packaging quantity:    | 50                    |

### Features

|             |                                                                                                                                                                                                                             |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Properties: | Extremely flexible, highly expansible and upsettable, airtight and liquid-proof, widely resistant to oil and acids, free of silicone and cadmium, inside protection against corrosion due to PVC-sheathed spring steel wire |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Approvals / Certifications

|                      |                   |
|----------------------|-------------------|
| Protection class:    | IP68              |
| VDE:                 | Yes               |
| Tested according to: | EN / IEC 61386-23 |

### Storage / Installation / Operation

|                                |        |
|--------------------------------|--------|
| Minimum operating temperature: | -25 °C |
| Maximum operating temperature: | 90 °C  |
