EUDR Declaration of Conformity

Regulation (EU) 2023/1115 on deforestation-free supply chains

1. Regulatory framework

Regulation (EU) 2023/1115 on deforestation-free supply chains (EUDR) was adopted on 31 May 2023. It will apply from 30 December 2025 to large companies and from 30 June 2026 to small and medium-sized enterprises (SMEs) that place certain raw materials or products made from them on the market.

The aim of the regulation is to reduce the European Union's contribution to global deforestation and forest degradation and to ensure transparency and due diligence along the supply chain.

2. Raw materials affected

The raw materials affected include, among others, **natural rubber** and its derivatives.

3. Declaration of conformity

AGRO AG hereby declares that **no natural rubber is used as a raw material** in the products we manufacture or place on the market.

4. Monitoring and adaptation

Regulatory developments and possible changes to the scope of application are continuously monitored. If material composition changes or new regulatory requirements become relevant, a corresponding reassessment is carried out.

5. Data basis and liability

This declaration is based on information from our suppliers and available technical data sheets. No destructive testing or chemical analyses were performed.

This information reflects the current state of our knowledge. No warranty is provided and no liability is accepted for unknown factors or factors beyond our control.

Sincerely,
AGRO AG
