Product datasheet:

Moisture-proof cover alu, neoprene seal 265x115x2 mm

Extra-large flush-mounted junction boxes

· Anodised aluminium
· with full neoprene seal
· Cover fixing with enclosed screws, non-rusting
· Max. tightening torque 0.8 Nm

Material: Anodised aluminium
With full-surface neoprene seal
Lid secured with the screws supplied; rust-proof
Max. tightening torque: 0.8 Nm
Length: 265 mm
Width: 115 mm
Height: 2 mm
Screws: 4
For item no.: 9914.01

Planning data

Article number:	**9914.03**
E-No:	155901298
EAN:	7611614039411
Packaging quantity:	50

Dimensions / Form

Product length:	265 mm
Product width:	115 mm
Product depth:	2 mm

Assembly / Installation

Assembly type:	BB (solid construction)

Safety / Properties

Special application:	on-site mixed concrete

The extra-large junction boxes are designed as a modular system: two alternative base units are available - one with a smaller and one with a greater depth - and the electrician can choose from a range of matching extension pieces (for extra depth), plastering covers, screwed-on covers, waterproof covers and universal covers.

· Quick and secure installation using pre-inserted nails
· Increased robustness
· Conduit markings for drilling diameters
· Stackable
