

Product datasheet:

Fixing adapter for internal insulation box

Interior Insulation box

- For secure fixing of the internal insulation box
- For installation on masonry
- For standard combinations 71 mm

Article number:  **1159-91**

EAN: 4013456545304

Inner packing / Packaging quantity: 5 / 50

Price group: 180

Connections / Entries

Number of entries: 4

Assembly / Installation

Min. insulation thickness: 30 mm

Insulation thickness max.: 100 mm

Safety / Properties

Halogen-free: Yes

Assembly instructions

Planning data

One-gang junction box for electrical installations in internal insulation systems. For permanently secure and heat-bridge-free installation of switches, sockets and other devices in internally insulated exterior walls. For optimal room climate with proven protection from moisture damage. For use in many internal insulation systems.

- For installation in insulated interior walls
- Guarantees installation without heat bridges
- Moisture regulating and insulating
- Prevention of moisture induced structural damage
- Suitable for use in many insulation systems
- For insulation thicknesses 30 to 100 mm
- Installation on masonry without plaster
