

Product datasheet:

Sealing inserts

Sealing inserts

- for retrofit sealing of all existing one-gang boxes and one-gang junction boxes with Ø 68 mm
- permanently flexible plastic

Sealing insert, plastic (1040-01)
For subsequent sealing (air-tightness)
of existing device and device connection boxes
For Flush-mounting and cavity wall installation

Article number:  **1040-01**

EAN: 4013456410404

Inner packing / Packaging quantity: 10 / 100

Dimensions / Form

Product Ø: 60 mm

Product depth: 36.5 mm

Assembly / Installation

Assembly type: UP (solid construction)

Safety / Properties

air tightness: Yes

Halogen-free: Yes

Special application: air-tight

Planning data

The sealing insert ensures air-tight closing of previously-installed one-gang boxes and one-gang junction boxes. It can be used in both flush-mounting and cavity wall installation. Its low installation depth makes use in one-gang junction boxes possible without restricting the wiring.

- Ensures later air-tight closing of one-gang boxes and one-gang junction boxes
- Toolless connection wire penetration is possible
- Guarantees later and permanent air-tightness
