

Product datasheet:

Electronics box with separator wall

Electronics box

- Twin-chamber box (with separator wall)
- dimensions in accordance with German DIN 49073
- For 20/25 mm conduits and cables

One-gang junction box, as an electronics box for flush-mounting/masonry installation, flush-mounting box, one-gang junction box design as an electronics box in accordance with DIN EN 60670/DIN VDE 0606 and DIN 49073, made of plastic, installation opening Ø 60 mm, installation opening 152 mm x 82 mm, depth 67 mm, combination distance 71 mm, with lateral terminal compartment for device inserts and electronic components and for compliance with bending radii, protection class IP 20 in accordance with DIN EN 60529, flame-retardant in accordance with DIN EN 60695 up to 650° C, halogen-free according to DIN VDE 0604-2-100, for flush-mounting installation. Entries with break-out openings for electric cables and DIN EN conduits with a diameter of 20/25 mm (4x 20 mm/25 mm in the connectors, 10 x 20 mm and 2 x 25 mm in the side wall, 1 x 20 mm in the box base), with 4 screw domes and 2 expanding claw fields, with 2 plus-minus device screws

Article number: **1068-02**

EAN: 4013456120310

Inner packing / Packaging quantity: 10 / 100

Price group: 120

Dimensions / Form

Product length: 149 mm

Product depth: 67 mm

Connections / Entries

Number of entries: 17

For conduit Ø: 25 mm

Assembly / Installation

Assembly type: UP (solid construction)

Safety / Properties

Halogen-free: Yes

Features

Number of screw domes: 4

Approvals / Certifications

VDE: Yes

The electronics box has space for electronic components. The accompanying separator wall also enables you to have different kinds of voltages in one box.

- For accessories and electronic components such as EIB actuators, communication and network technology, radio-controlled elements, alarm modules, etc.
- Can be combined with KAISER one-gang boxes via snap-in connector
- Optimal for use as an entry box for combinations

Certificates

Planning data

Product datasheet:

- The separator wall (supplied) turns it into a twin-chamber box
