

Product datasheet:

Sound insulation cover for sound insulation box

Flush-mounting sound insulation one-gang junction box

- for sound insulation box
- Sound insulation function in conjunction with sound insulation box

Article number:  **1184-69**

EAN: 4013456536265

Inner packing / Packaging quantity: 10 / 100

Price group: 192

Dimensions / Form

Product Ø: 92 mm

Assembly / Installation

Assembly type: UP (solid construction)

Safety / Properties

Halogen-free: Yes

Special application: sound insulation

Sound insulation box for use in solid construction sound insulation walls with stringent sound insulation requirements. The solid box body with additional sound insulation coating absorbs and reflects the sound, so that interference in adjacent rooms is excluded and the sound insulation remains intact as if no installation box were present.

- Maintains the wall's sound insulation protection
- Installation up to 5-unit combinations
- Opposing installation is also possible
- Variable combination connection piece for conduits up to Ø 25 mm
- Flexible for screw and claw fixing of the accessories
- Can be used with sound protection cover as a junction box
