

## Product datasheet:

# Waterproof cover

## Extra-large flush-mounted junction boxes

- Anodised aluminium
- with full neoprene seal
- Cover fixing with enclosed screws, non-rusting
- Max. tightening torque 0.8 Nm

### Dimensions / Form

|                 |        |
|-----------------|--------|
| Product length: | 270 mm |
| Product width:  | 200 mm |
| Product depth:  | 2 mm   |

### Assembly / Installation

|                |                         |
|----------------|-------------------------|
| Assembly type: | BB (solid construction) |
|----------------|-------------------------|

### Safety / Properties

|                      |                        |
|----------------------|------------------------|
| Special application: | on-site mixed concrete |
|----------------------|------------------------|

### Features

|                   |   |
|-------------------|---|
| Number of screws: | 4 |
|-------------------|---|

The extra-large junction boxes are designed as a modular system: two alternative base units are available - one with a smaller and one with a greater depth - and the electrician can choose from a range of matching extension pieces (for extra depth), plastering covers, screwed-on covers, waterproof covers and universal covers.

- Quick and secure installation using pre-inserted nails
- Increased robustness
- Conduit markings for drilling diameters
- Stackable
