

Product datasheet:

Riser Cable Adapter Ø11,5mm

Hybrid FiberManagement Plate

- Suitable for all Hybrid Fibermanagement Plates & Boxes Ø3-8mm
- IP68 waterproof, according to EN 60529
- Flexibility in the FTTX concept.
- Easy assembly.

Article number:	AT29490
EAN:	8712259564098
Packaging quantity:	25

The FiberManagement Plate(FMP) in combination with our Distribution Closure is an underground distributionpoint. This concept has been developed for a maximum of 48 direct buried Fiber to the Home customercables or duct. The FMP has been designed to separate the civil work and the welding of the fibers. The welding will be done at a later time. With this concept the process of civil work and welding will be optimized. This is due to preassembled parts, the compact size and it is easy to install. This makes the FMP a great fit as an underground distributionpoint. The FMP is also available with a window cut.
