

Product datasheet:

Circular saw 76 mm with center drill

Flush-mounted boxes Hollow-wall

- Equipped with unique Drill & Drop system for easy removal of the drill plug.
- Suitable for drilling holes in plaster, wood and metals.
- Can be used for UHW40, UHW50, DUO-UHW50, HWD50 and HWD50S.
- Drill pin (hexagon) Ø 11.5 mm.

Article number: **GD AT2888**

EAN: 8712259316581

Packaging quantity: 10

Assembly / Installation

Assembly type: HW (drywall/lightweight construction)

ETIM Product classification:

Hole saw

Diameter: 76 mm

Cutting depth: 38 mm

Centre drill diameter: 6,3 mm

Hole edge core drill: No

Suitable for gypsum-cardboard: No

Suitable for wood: No

Suitable for plastic: No

Suitable for glass fibre reinforced plastic:

Suitable for aluminium: No

Suitable for brass: No

Suitable for stainless steel: No

Suitable for cast iron: No

Suitable for non-ferrous metals: No

Suitable for steel:

Holding system: Hexagon holder

Attema has a complete range of flush-mounted boxes for hollow walls. Such as fire and smoke resistant flush-mounted boxes, radiation resistant boxes and various inserts, making the boxes also suitable for applications where high(er) demands are made on the air and sound tightness of the walls. Part of the range are hollow wall flush-mounted boxes that are suitable for mounting with different kind of cables, so that they can be used in pluggable installations in utility and residential construction. A good example of this is the Installation 2.0 concept, in which the installation time is greatly reduced and the chance of errors is reduced to a minimum.
