

Product datasheet:

O-range ECON® cavity wall boxes

Air-tight cavity wall installation

- Air-tight design with sealing membranes
- Toolless cable and conduit entries
- Integrated cable retention of the NYM cable, self-locking of the conduit
- Standardised separation of individual installation openings using a bridge
- Can be combined with all O-range® programme applications

Article number: **5024**

EAN: 5412222367444

Packaging quantity: 15

Price group: 121

Dimensions / Form

Product depth: 47 mm

Drill/cut hole Ø: 68 mm

Connections / Entries

For conduit Ø: 25 mm

Assembly / Installation

Min. panel thickness: 7 mm

Panel thickness max.: 40 mm

Assembly type: HW (drywall/lightweight construction)

Planning data

Air-tight O-range® cavity wall boxes with ECON® technology for energy-efficient electrical installation according to GEG and for installations under clean-room and hygiene conditions. The elastic ECON® technology sealing membrane allows air-tight electrical installation.

- Elastic sealing membrane for guaranteed air-tightness
- Innovative clamp technology with integrated cable retention
- Toolless cable and conduit entry
- Air-tight combined with support connector
