

Product datasheet:

100 mm slab ceiling box for retrofitting

Ceiling junction box

- for retrofitting on the construction site
- with M5 metal nut for light hook (hook length min. 95 mm + plaster thickness)

Article number:	1247-01
EAN:	4013456330702
Packaging quantity:	100
Price group:	130

Dimensions / Form

Product depth:	100 mm
----------------	--------

Assembly / Installation

Assembly type:	BB (solid construction)
----------------	-------------------------

Safety / Properties

Special application:	on-site mixed concrete
----------------------	------------------------

Ceiling junction box to accommodate electrical connections. With the optional light hook, the box is also ideally suited for installing and attaching luminaires. The wide range of ceiling boxes permits almost all conceivable installations.

- Suitable for all types of formwork
- Flat front part for fast, easy nailing
- Integrated cap nut ensures secure fitting of an M5 light hook acc. to DIN EN 60670
- The colour system ensures that the installation can be checked quickly
