Article number:  **1219-00**

EAN: 4013456353800

Inner packing / Packaging quantity: 200 / 1000

Price group: 140

Assembly / Installation

Assembly type: BB (solid construction)

Safety / Properties

Special application: precast concrete

B² system for installation in horizontal precast concrete. All installation requirements can be met with just a few components. The one-gang boxes are self-adhesive and the accessories provide a practical product range.

- Extremely time-saving
- One-piece design
- Available with or without plaster skin
- Available prefabricated with special glue – no adhesive residues when removing formwork
- Simple connectors for combinations or opposing boxes
