

Product datasheet:

SPECIAL cutter ETICS Ø 20 x 80 mm

SPECIAL cutter for insulating boards

- Making installation openings in existing composite thermal insulation systems or lightweight walls
- Ø 20 mm, for the KAISER mini equipment carrier and for KAISER cable seals
- with depth stop to prevent heat bridges
- with hardened metal centering drill for precise positioning
- fits all battery-powered drills and electric drills with 10 mm chuck
- removable cutter head for easy removal of the drilled core

Article number:	➔ 1088-06
E-No:	983228006
EAN:	4013456536142
Packaging quantity:	50

Dimensions / Form

Product length:	80 mm
Drill/cut hole Ø:	20 mm
Drilling/cut hole depth:	max. 60 mm

Retrofitting electrical connections to an already completed, insulated facade is a challenge. The SPECIAL cutters can be used to create installation openings without weakening the external composite thermal insulation system, as insulation is only removed at certain points.

- with depth stop to prevent heat bridges
- Hardened metal teeth enable use even with plastering
- easy removal of the drilled core
