

## Product datasheet:

# ECON® Iso + / ECON® Styro 55 setting tool

## SPECIAL cutter for insulating boards

- for fast and secure fixing of the ECON® Iso + (Art. No. 1159-55) and ECON® Styro55 (Art. No. 1555-51) one-gang junction box

| Price group:                        | 170               |

Retrofitting electrical connections to an already completed, insulated facade is a challenge. The SPECIAL cutters can be used to create installation openings without weakening the external composite thermal insulation system, as insulation is only removed at certain points.

- with depth stop to prevent heat bridges
- Hardened metal teeth enable use even with plastering
- easy removal of the drilled core
