Attema offers a complete assortment of high-quality raceways. These raceways are distinguished by a series of practical characteristics and are also very attractively priced. The special pre-punched slots, for instance, ensure optimal organization of the wires. In addition, the raceways include standard-compliant pre-punched holes for rapid installation on mounting plates in switchgear cabinets. The burr-free and easy to break out raceway tabs, which ensure that the insulation on the wires remains intact, are also worth mentioning. The raceways are closed off by a sturdy cover that cannot come off unexpectedly.
