

Product datasheet:

Data cable entry

Consolidation Box

- The slide-in data lead-in, made of soft rubber, is suitable for the lead-in of a maximum of 3 data cables (UTP, FTP, STP etc.).
- Provides grip on the cable sheath without untwisting the conductor pairs or in any other way influencing the data transmission.
- for AK2 housing
- Retractable insert made from permanently elastic plastic
- for inserting a maximum of 3 data cables
- Provides support without constricting and influencing data transmission

Article number: **AT1966**

EAN: 8712259220383

Packaging quantity: 50

Price group: 250

Safety / Properties

Halogen-free: Yes

Electrical Properties

Cable type/type: UTP, FTP, STP

The Consolidation Box from Attema makes it possible to install ICT cabling in a flexible manner, because the installation is divided into two steps. The largest portion of the work takes place during the rough construction, at the same time as the other cabling is installed in the building. As a result, you only have to install a small portion of the ICT cabling during the finishing phase. The Consolidation Box complies with the installation standards of EIA/TIA 568A/B, ISO 11801 and NEN-EN 50173.
