

Product datasheet:

Adapters

- Adapter for mounting of Wieland BST14 snap-in connector in the AK2-D cover.
- This connector can be used for control signals for light control systems and dimmable fixtures with a 0-10V control signal.

Article number:	↗ AT1978.01
EAN:	8712259604084
Packaging quantity:	100

ETIM Product classification: Insert/cover for communication technology

Assembly arrangement:	Modular device for domestic switching devices
Utilization:	Modular Jack
Support ring:	No
With dust cover:	No
With hinged lid:	No
Outlet direction:	
Contact type:	
Imprintable label:	Without indication field
With imprint:	No
Mounting method:	Module frame
Material:	Plastic
Material quality:	Thermoplastic
Halogen free:	No
Anti-bacterial treatment:	No
Surface protection:	Untreated
Surface finishing:	Matt
Colour:	Black
RAL-number (similar):	
Transparent:	No
Type of fastening:	Engage (snap)
Number of modules (module system):	1
With buses/couplings:	
Suitable for number of connectors:	
Isolated connections:	
With strain relief:	No
Shielded buses:	
Shielded housing:	
Luster terminal:	No
With lighting:	No

Technical information

Product datasheet:

Suitable for degree of protection (IP): IP20

Impact strength:

Device width:

Device height:

Device depth:

Min. depth of built-in installation box:

The Consolidation Box from Attema makes it possible to install ICT cabling in a flexible manner, because the installation is divided into two steps. The largest portion of the work takes place during the rough construction, at the same time as the other cabling is installed in the building. As a result, you only have to install a small portion of the ICT cabling during the finishing phase. The Consolidation Box complies with the installation standards of EIA/TIA 568A/B, ISO 11801 and NEN-EN 50173.
