

Product datasheet:

Adapter L, LexCom type

Adapters

- Adapter for mounting in the AK2-D cover of an RJ45 connector from Lexcom (see selection table on the website).
- The 'LL' version has a label window for attaching a coding strip.
- can be used in AK2 Data front parts
- for mounting RJ45 modules
- suitable for data modules from LexCom and others

Article number: **↗ AT1986**

EAN: 8712259245355

Packaging quantity: 100

Dimensions / Form

Product length: 28.5 mm

Product width: 27 mm

Product depth: 10.3 mm

Safety / Properties

Halogen-free: Yes

Material / Colour

Colour designation: Light grey

The Consolidation Box from Attema makes it possible to install ICT cabling in a flexible manner, because the installation is divided into two steps. The largest portion of the work takes place during the rough construction, at the same time as the other cabling is installed in the building. As a result, you only have to install a small portion of the ICT cabling during the finishing phase. The Consolidation Box complies with the installation standards of EIA/TIA 568A/B, ISO 11801 and NEN-EN 50173.
