

Product datasheet:

Spectrosonde

Additional accessories

- For detecting obstructions in pipe.
- Complete set, delivered in steel case.
- Works on 9V batteries (not included).
- Consists of transmitter, receiver, push-button and probe.

Article number: **GD AT2900**

EAN: 8712259003436

ETIM Product classification:

Detection instrument for tube obstructions

Current supply:	Battery
Suitable for pipe diameter:	16.000 - 32.000 mm
With case/bag:	No

To make the range of installation material complete, Attema certainly also offers a range of installation aids. In all their diversity they have one thing in common: the same practical Attema quality. Attema has it all. From the spectrum probe for locating obstructions in conduits that occur in concrete walls or floors to a large series of end caps for rigid and flexible conduit. From diagram sleeves to conduit sleeves. From conduit couplers and reducing sleeves to cable fish tapes.
