

## Product datasheet:

# KK 40x25 Raceway conduit white (RAL 9010)

## Cable ducts Z25 + KK

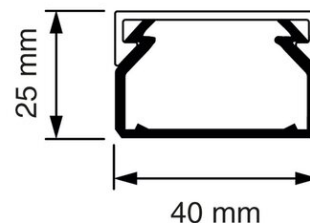

- Cover included.
- Includes slots and nail holes.
- Internal dimensions: 37x22 mm.

## ETIM Product classification: Mini/maxi trunking

|                                 |                          |
|---------------------------------|--------------------------|
| Height:                         | 25 mm                    |
| Width:                          | 40 mm                    |
| Length:                         | 2.000 mm                 |
| Usable cross section:           | 810 mm <sup>2</sup>      |
| Material:                       | Plastic                  |
| Material quality:               | Polyvinyl chloride (PVC) |
| Halogen free:                   | No                       |
| Anti-bacterial treatment:       | No                       |
| Surface protection:             | Untreated                |
| Suitable for circuit integrity: |                          |
| Colour:                         | White                    |
| Transparent:                    | No                       |
| RAL-number:                     | 9.010                    |
| Number of permanent partitions: | 0                        |
| Number of plug-in partitions:   | 0                        |
| Type of fastening:              | Bottom perforation       |
| Cover model:                    | Loose                    |
| With cable fixing clip:         | No                       |
| With protective foil:           | No                       |
| With duct connector:            | No                       |
| Delivery on roll:               | No                       |
| Pre-stamping:                   | No                       |
| Degree of protection (IP):      |                          |
| Impact strength:                |                          |
| Working temperature:            |                          |

## Product datasheet:

Attema Cable ducts Z25 and KK are available in sizes ranging from small to large. They are suitable for the well-organized installation of cables, for guiding power cables or for the supply of power to high-quality computer equipment. The cable ducts have a nail hole and a well-designed pre-punched hole pattern for quick, precise positioning of the raceway(s). Installation or modification can be done in the blink of an eye thanks to the cleverly-made parts for securing cables. All the raceways feature solid cover attachment and are available in a range of colours.
